2. Personas

PERSONA 1: THE OVERWHELMED OWNER

- **Name & Age:** Carlos Ruiz, 42 years old
- **Job:** Owner of "Café de Barrio" in Madrid
- **Hobbies:** Padel, weekend cycling, spending time with his kids
- **Situation:** Married, 2 young children, former corporate employee who used his savings to open a café
- **City:** Madrid, Spain
- **Motivations:** Financial security for his family, business growth, and maintaining a high reputation in his neighborhood.
- **Character:** Hardworking, cautious, but easily stressed by administrative tasks.
- **Objectives:** To spend less time on paperwork and more time on the floor; to avoid any legal trouble or fines from the Spanish Tax Agency (AEAT) regarding the new Verifactu laws.
- **Expectations:**
  - Simplicity: Needs an interface he can understand in 5 minutes.
  - Peace of mind: Real-time visibility of his Net profit after tax and salaries.
- **Quote/Frustrations:** "I love making coffee, but I hate Sundays spent on Excel. I'm terrified that I'll miss a Verifactu requirement and get a massive fine."
- **Bio:** Carlos left a 15 year career in banking to start a small business. He is great with customers but feels drowned by the new technical invoicing mandates. He needs a tool that acts like a digital CFO so he can focus on his product.

2. Personas

PERSONA 2: THE EFFICIENT BARISTA

- **Name & Age:** Lucía Martínez, 26 years old 4
- **Job:** Lead Barista & Shift Supervisor
- **Hobbies:** Photography, visiting specialty coffee expos, urban hiking
- **Situation:** Single, living in a shared flat; working while finishing a Master's degree
- **City:** Barcelona, Spain
- **Motivations:** Efficiency at work, professional mastery of coffee, and ensuring her worked hours are transparently recorded.
- **Character:** Tech savvy, organized, fast paced.
- **Objectives:** To minimize order errors during the morning rush, to manage inventory (milk, beans) without manual counts, to have a clear record of her payroll and hours.
- **Expectations:**
  - Technology: A fast, responsive POS that doesn't lag5.
  - Functionality: An easy way to log "mermas" (wastage) like spilled milk or expired pastries.
- **Quote/Frustrations:** "Nothing is worse than a line of 10 people and a slow iPad. I just want to click a button and know the sale is logged correctly."
- **Bio:** Lucía handles the daily operations. She is the one who will actually use the "Inventory" and "Sales" modules every hour. She values tools that save her time and make her job easier during peak hours.

2. Personas

PERSONA 3: THE ACCOUNTANT

- **Name & Age:** Marta Salgado, 50 years old
- **Job:** External Financial Advisor/Accountant (Gestora)
- **Hobbies:** Classical music, reading history, gardening
- **Situation:** Divorced, 1 adult son, manages 30+ small business clients
- **City:** Valencia, Spain
- **Motivations:** Compliance, professional accuracy, and reducing the "chaos" of her clients' bookkeeping.
- **Character:** Detail oriented, traditional, strict with deadlines.
- **Objectives:** To receive clean, unalterable data from her clients, to ensure every client is 100% compliant with Royal Decree 1007/2023 (Verifactu); to export quarterly tax models (Modelo 303/130) seamlessly.
- **Expectations:**
  - Quality: Data integrity is her #1 priority.
  - Traceability: Needs to see the immutable chain of invoices to trust the numbers.
- **Quote/Frustrations:** "I waste hours chasing clients for lost receipts. If they don't have a Verifactu-compliant system, I can't guarantee their safety in an audit."
- **Bio:** Marta is the silent user of VeriCaja. She doesn't use it daily, but she relies on its backend logic. She wants a system that prevents her clients from making creative changes to their sales history, keeping both her and the client safe from legal risks.
